Subject: Citizens Coordinating Committee on Friendship Heights - support staging proposal by Mayor Fosler in Bethesda Downtown Plan

Dear President Berliner and members of the Council:

The Citizens Coordinating Committee on Friendship Heights (CCCFH), consisting of 19 civic organizations, comprising over 7,000 households, in communities from the east and immediately south of Bethesda to further south and west of Bethesda has supported staging in the Bethesda Downtown Plan. (See CCCFH's October 26, 2016 letter to the Council and the letter to the Council of January 12, 2017 signed by many associations and communities including CCCFH). By this email, CCCFH supports the letter on staging to Council President Berliner from Mayor Fosler of the Town of Chevy Chase dated April 24, 2017, which was sent under cover of an email from Todd Hoffman re Letter from Mayor Fosler.

Respectfully submitted,

Lloyd Guerci, Chair

Citizens Coordinating Committee on Friendship Heights
